

THE COMPACT END OF LINE PACKER

Do more on a smaller footprint

End of Line Packer

Designed for pharmaceutical production. With a great flexibility the Graniten End of Line Packer packs your products in tape sealed shipping boxes and palletizes the boxes, all this on a small footprint.

In spite the small footprint it is an open solution with few moving parts and two pallet places. Shipping box labelling and label control is standard. Reject and IPC functions are also standard.

Main features

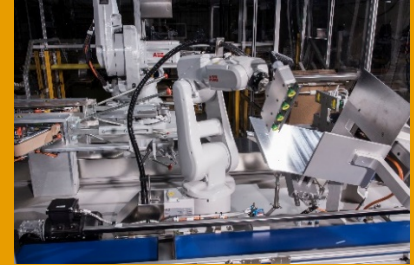

- Compact and open
- Two pallet places
- Simple and quick format change
- Labelling and label control
- Reject, IPC
- Prepared for aggregation system

Options

- Extra shipping box label
- Shipper box ink jet marking
- Glued boxes
- IPC reentry function
- Integration of aggregation system

Machine solutions from clever minds

Technical Data

Capacity cartons
Up to 150 ppm
Up to 6 kg
Capacity shipping boxes
Up to 3 ppm
Up to 12 kg

Machine dimension range

Length 4,3 m - 4,6 m
Width 4,1 m - 4,5 m
Height 2,4 m

Media requirement

Electrical - 400V, 25A
Air Supply - 6 Bar, 12 liters' free air/cycle
